

Sleeper Services

Sleepers enable you to make long distance journeys while having a relaxing night's sleep. You arrive early at your destination, saving a day's travel — or the early morning dash to the airport. Five Sleeper routes link London Euston direct with over 40 stations in Scotland including most principal business and holiday locations. Direct Sleeper services also link Southwest England with London. Customers joining at the starting point of the train may occupy cabins well before departure. At terminating stations customers may vacate cabins up to approximately 0800 on trains which arrive at an earlier time.

Full details of all Sleeper services are given in Tables 400–406.

First Great Western ("Night Riviera Sleeper")

Both single and twin berth cabins are available and feature locking doors, comfortable beds with sheets and blankets, air conditioning, bedside lighting, complimentary toiletries, wash basin with a shaver point and a soft hand towel. Room service facilities, a wake up call, a light breakfast and newspaper are all complimentary.

The trains recently underwent a complete refurbishment to maximise customer comfort. Improvements include a refurbishment of seating areas and berths and the introduction of a hot breakfast offer to set our customers up for the day. All single and twin cabins are available to holders of standard class tickets and large reclining seats are provided throughout seated accommodation, again available to holders of standard class tickets. Customers in most single berths benefit from Volo TV, a new and innovative on-train entertainment service. Customers can choose from 40 different programmes including comedy, drama, documentaries, children's programmes and sport.

There are a number of inclusive Advance fares available that combine travel and accommodation on one ticket. These can be purchased until 1800 hours the day before departure. Holders of Anytime, Off-Peak and Super Off-Peak tickets may upgrade to sleeping accommodation on payment of the applicable single or twin berth supplement. The Lounge Car is provided for the use of customers with a berth. Here you can sit back and relax with a complimentary hot drink, tempt yourself with one of our delicious hot snacks or unwind with something stronger from our well stocked bar - all served at seat by our on-board team. Customers in seated accommodation can purchase refreshments and snacks from the Express Cafe, which is situated in the Lounge Car.

Dogs and pets are not normally allowed in Sleeper cabins. There are special arrangements for guide dogs. Animals may be conveyed if properly labelled and muzzled, and in suitable containers, in the guards van.

ScotRail Caledonian Sleepers

First Class customers receive a toiletry pack and will be woken with a light breakfast accompanied by tea or coffee and a complimentary newspaper. Standard Class customers are served a light morning snack with tea or coffee. Breakfast is available for an additional small supplement and can be ordered after boarding. Customer lounges are available at the following locations - London Euston, Inverness, Carlisle (Lakes Court Hotel) and Edinburgh Waverley. At Glasgow Central customers may use the on-train Lounge Car which is available prior to departure. Full details of the Caledonian Sleeper on-train and station facilities can be found inside the Caledonian Sleeper Guide which is available from principal sleeper departure points.

There are a number of berth inclusive fares available that include travel and accommodation at one all inclusive price. First class travel is in single berth cabins while Standard Class is in twin berth cabins.

The Lounge Car offers a pleasant relaxing atmosphere in which to unwind before a night's rest. Customers can choose from a wide selection of food and drinks including sandwiches, baguettes, snacks and a well stocked bar. At busy times, use of the Lounge Car may be restricted to First Class ticket holders.

Accompanying dogs are only permitted in Sleeper Cabins providing the owner(s) has exclusive use of the cabin and pays the appropriate charge. There are special arrangements for guide dogs. Dogs and pets cannot be conveyed in the guards van. A virtual tour is available via the ScotRail website. Visit www.scotrail.co.uk for details.

Please note that as a result of on-going engineering work some sleeper services may be subject to diversion causing an extension in journey times between Scotland and London. For full details telephone National Rail Enquiries on 08457 48 49 50 (calls may be recorded).

Sleeper Reservations

To book rail tickets and reserve Sleepers, simply visit any main rail station or rail appointed travel agent. Alternatively you can book by phone using most credit/debit cards.
