Dear [REDACTED]

Information request
Reference number: FOI2016/01434

Thank you for your email of 30th December 2016. You requested the following information:

Can i please see a detailed map of Dean railway station which shows the exact position on the platforms of the Hampshire and Wiltshire border.

I have processed your request under the terms of the Freedom of Information Act 2000 (FOIA). I can inform you that we have searched our records and we do not hold the information you requested.

By way of explanation we divide the country and the rail network into various [routes](#) (see link attached) and county boundaries do not play a significant role in our operation and stewardship of the railways. In consequence, whilst we do maintain detailed maps, we are unable to use these to determine with precision where county boundaries lie.

I have attached one of our maps which you can zoom in on whilst maintaining a decent resolution. I think it possible that using this alongside other information already in the public domain you might be able to calculate where exactly the county boundary lies in relation to the station platforms.

I am sorry I could not answer your question directly and hope the information and advice I have provided prove useful. If you have any enquiries about this response, please contact me in the first instance at FOI@networkrail.co.uk or on 01908 782405. Details of your appeal rights are below.

Please remember to quote the reference number at the top of this letter in all future communications.

Yours sincerely

Jonathan Mantle
Senior Information Officer
