

Soham Station

Network Rail is working with the Cambridgeshire and Peterborough Combined Authority to deliver a new station for the Soham community, supporting future investment and growth for the area by reconnecting the town to the rail network.

Following construction, Greater Anglia services operating between Ipswich and Peterborough are expected to call at the station from spring 2022.

Not to scale

#SohamStation

Soham station is being funded by the Cambridgeshire and Peterborough Combined Authority. Greater Anglia will manage the station and operate services between Peterborough and Ipswich
