What's happening

Bristol Temple Meads is being transformed and the railway serving the area upgraded – paving the way for more train services to move more people, more reliably. The Bristol Rail Regeneration programme will deliver new tracks and stations in the area, enabling more trains to run on the network to meet growing demand.

This summer Network Rail is improving the track layout on the approach to Bristol Temple Meads, and this will require changes to some train services.

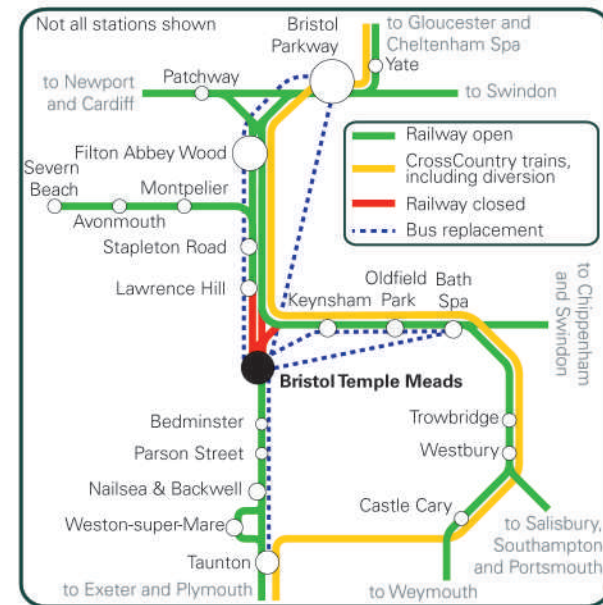

Saturday 10 July to Friday 6 August

- Reduced train service running between Bristol Temple Meads and Bristol Parkway
- No direct trains between Bristol Temple Meads and Cardiff Central/Gloucester – change at Bristol Parkway instead
- Trains between Filton Abbey Wood and Bath Spa will not call at Bristol Temple Meads
- Trains will run between Severn Beach and Lawrence Hill only (except on Sundays when buses replace trains)
- Buses replace trains from Bristol Temple Meads to Lawrence Hill, Stapleton Road, Filton Abbey Wood and Bristol Parkway

Saturday 7 August

- Buses replace all trains between Bristol Temple Meads and Bristol Parkway or Bath Spa (non-stop and calling at all stations)
- Buses also replace CrossCountry trains between Bristol Parkway, Bristol Temple Meads and Taunton

Trains will run between London Paddington and Bath Spa, and London Paddington and South Wales via Bristol Parkway throughout this period.

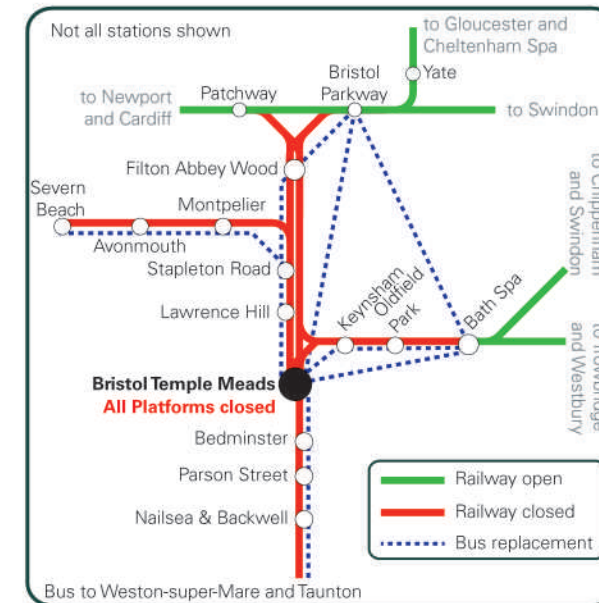

Trains between London Paddington and the South West via Taunton are also unaffected by these upgrades.

Our travel advice

- Plan ahead – train and replacement bus times will be different to normal train times
- Allow plenty of time – journeys involving a replacement bus will take longer than trains
- Adhere to government guidelines – we'll have markers and signs around our stations
