¹⁵ If CSM-REA is not applicable, the text should be replaced with "Not used". In the minority of cases where the Customer is the Proposer, change around Network Rail and the Customer in this sentence.

¹⁶ If RIR is not applicable, the text should be replaced with "Not used". In the minority of cases where the Customer is the Project Entity, change around Network Rail and the Customer in this sentence.

¹⁷ When the Customer is an Operator, the text in clause 4.4 should be deleted and replaced with "Not used".

- 4.5 The Customer has agreed to be responsible for applying for, and using reasonable endeavours to obtain, the Necessary Consents listed in paragraph 5.3 of Schedule 3 in a format agreed between the Parties and in line with the requirements of the Implementation Programme.
- 4.6 Network Rail's obligations in relation to obtaining the Necessary Consents are conditional upon Network Rail receiving in full the documentation and assistance related to the relevant Necessary Consent which it may reasonably require and has requested from the Customer.

5 Additional Expense

- 5.1 If in consequence of the Works and / or any Regulated Change Network Rail incurs additional cost and expense in connection with the repair, maintenance, improvement, operation or alteration of the Railway which would not have been incurred but for the Works and / or the Regulated Change (**Additional Expense**), then the provisions of this clause 5 shall apply.
- 5.2 Network Rail shall gain approval for the Regulated Change unless the Parties agree that the Customer will be responsible for obtaining the Regulated Change¹⁸. In gaining approval for the Regulated Change, the relevant Party shall also agree the calculation of the Additional Expense (obtaining approvals where necessary) and shall, where applicable, recover any contribution to the Additional Expense from a third party.
- 5.3 The Customer shall pay the Additional Expense, as an annual sum, for the life of the relevant Enhanced Assets or until the end of the Control Period (subject to such reasonable time necessary to take account of the Enhanced Assets in the regulatory settlement for the next Control Period) in which the Completion Date occurs, if sooner, where the Additional Expense is greater than £50,000 per annum after deduction of any sums paid to Network Rail by a third party. For the avoidance of doubt, where the Additional Expense is greater than £50,000, the Customer shall be required to pay the entire Additional Expense and not just the Additional Expense in excess of £50,000.
- 5.4 The Additional Expense shall be calculated as follows:
- (a) where the Additional Expense has not been calculated prior to the Works Commencement Date:
 - (i) Network Rail shall estimate a fixed sum payable each year and if such fixed sum is accepted by the Customer, this shall be the agreed Additional Expense and Network Rail shall not be entitled to claim any other sums pursuant to this clause 5; or
 - (ii) where the Parties cannot agree the Additional Expense pursuant to clause 5.4(a)(i) then the Additional Expense shall be the sum calculated pursuant to the Regulated Change procedure if applicable or, where there is no Regulated Change, the sum calculated by Network Rail acting reasonably at the end of Pace Phase 2;
 - (b) where the Regulated Change has been obtained and the Additional Expense has been calculated prior to the Works Commencement Date, the Customer shall pay the calculated Additional Expense which is set out in paragraph 5(b) of Schedule 2,

and such Additional Expense shall be paid by the Customer to Network Rail within twenty (20) Working Days of receipt of an invoice from Network Rail setting out the amounts due.

6 Variations¹⁹

- 6.1 Prior to the issue of the IA Final Certificate either Party may request from the other Party a Variation ("**Variation Request**"). The Variation Request shall include a description of the proposed Variation and state which Party is intended to be responsible for funding the proposed Variation. Any such Variation Request may be withdrawn by the requesting Party at any time prior to the written agreement of the Variation under clause 6.6 below. If the requesting Party withdraws a Variation Request, it shall reimburse the other Party for all Direct Costs reasonably and properly incurred by the other Party in relation to the proposed Variation prior to its withdrawal.

¹⁸ The Customer may be responsible for obtaining the Regulated Change where the Customer is an Operator and this should be documented in paragraph 5.3 of Schedule 3.

¹⁹ The Customer should note that these Variations provisions may be used by the Customer to reduce the scope of the Works or Services as a means of managing their budget for the Project.

- 6.2 Where the Customer issues a Variation Request, Network Rail shall notify the Customer within ten (10) Working Days of receipt of the Variation Request setting out whether it objects to the implementation of the proposed Variation on one or more of the following grounds:
- (a) that it would infringe or be contrary to any Legal Requirement, Change in Law, or Direction of a Competent Authority or existing contractual obligation; or
 - (b) that it would cause any existing Necessary Consent (which is not capable of modification) to be revoked; or
 - (c) that it would require a new Necessary Consent, which Network Rail (using reasonable endeavours) believes that it cannot obtain; or
 - (d) the responsibility for funding the Variation is not agreed; or
 - (e) the responsibility for funding the Additional Expense resulting from the implementation of the Variation is not agreed; or
 - (f) that it would materially hinder an Interfacing Project; or
 - (g) that it would materially affect the ability of Network Rail to perform its role as Infrastructure Manager or as owner and operator of the Network in accordance with the Network Licence; or
 - (h) that the proposed Variation, if implemented, would result in a change to the essential nature of the Works or would place material additional risk on the Project (including an increased design risk) that cannot be adequately compensated for by the payment of additional money;

and the Parties will meet to discuss Network Rail's concerns and the Customer will either revise and reissue the Variation Request or withdraw the Variation Request. If Network Rail requires further information in order to make a decision under this clause 6.2, the Customer shall provide such information on request and the time period of ten (10) Working Days referred to above shall commence on receipt of such additional information.

- 6.3 Following any Variation Request, and subject to clause 6.2, Network Rail shall consult with the Customer and, where the Party responsible for funding the Variation is agreed, shall provide to the Customer within a reasonable time and to a reasonable level of detail (to the extent applicable):

- (a) a revised Estimated Project Cost;
- (b) any requirement for any Additional Expense;
- (c) any amendment to the Works Requirements in order to give effect to the Variation;
- (d) reasoned proposals to change the Implementation Programme and the Completion Date and the Liquidated Damages Payment Date (if any) provided that the Completion Date and the Liquidated Damages Payment Date shall not be changed if the Variation is required as a result of an event described in clause 6.7 which was reasonably foreseeable;
- (e) in the case of a proposed alteration of the Works or Services details of any Necessary Consent that must be obtained or amended for the proposed Variation to be implemented and Network Rail's reasonable assessment of the latest date by which any such Necessary Consent must be obtained or modified for the matters set out in this clause 6.3 to remain valid;
- (f) in the case of a proposed Variation under clause 6.7, an explanation of why the Variation is necessary and reasonable in the circumstances,
- (g) any changes needed in order to meet the Works Requirements,

provided that where the information contained in any Variation Request made by the Customer is inadequate to enable Network Rail to respond, the Customer shall provide the necessary information on request. Where the Parties do not agree which Party will be responsible for funding the Variation and / or any Additional Expense, the matter shall be referred to the Escalation Procedure.

- 6.4 Within fifteen (15) Working Days of the receipt of the information set out in clause 6.3 (or such longer period as may be agreed by the Parties acting reasonably), the Customer shall notify Network Rail:

- (a) where the Variation was requested by Network Rail:
 - (i) that it has no objection to the proposed Variation and / or agrees the information provided under clause 6.3; or
 - (ii) acting reasonably, that it objects to the Variation and / or does not agree the information provided under clause 6.3 together with its reasons for doing so;
 - (b) where the Variation was requested by the Customer:
 - (i) that it agrees the information provided under clause 6.3; or
 - (ii) acting reasonably, that it does not agree with the information provided under clause 6.3 together with its reasons for doing so.
- 6.5 Following the issue of a notice by a Customer pursuant to clause 6.4(a)(ii) or 6.4(b)(ii), Network Rail shall meet with the Customer within a further fifteen (15) Working Days (or such longer period as may be agreed by the Parties acting reasonably) to agree the Variation Request (as may be amended) or the matters referred to in clause 6.3 and shall supply to the Customer any further information or revisions to the information already provided under clause 6.3 as may be reasonable.
- 6.6 Upon the agreement or determination of the Variation Request and the matters referred to in clause 6.3, the Parties shall confirm in writing that they agree to the implementation of the Variation and which Party shall fund the Variation (including any Additional Expense) all in accordance with such agreement or determination (subject to obtaining or amending any Necessary Consents). Subject to clause 6.8, no Variation shall be effective unless agreed in writing by the Parties.
- 6.7 Notwithstanding any provision in this Agreement, where Network Rail reasonably considers that a Variation is necessary:
- (a) to avoid, address or alleviate a Network Operation Issue; or
 - (b) to carry out any works necessary due to any Existing Asset Obligation; or
 - (c) to address, alleviate or comply with (as appropriate) a Mandatory Variation; or
 - (d) to address, alleviate or comply with (as appropriate) any Change in Law or a Direction of a Competent Authority arising as a consequence of the Works or any requirement of the Network Licence to the extent it is not a Mandatory Variation; or
 - (e) as a consequence of the crystallisation of a risk which is identified in the QRA or a risk which was not reasonably foreseeable as at the Commencement Date; or
 - (f) to meet the Works Requirements and the need for the Variation was not reasonably foreseeable as at the Commencement Date,
- Network Rail shall be entitled to vary the Works or Services or Completion Date or the Liquidated Damages Payment Date to the extent that is reasonable in the circumstances, and the Customer shall not be liable for the Network Rail Costs in connection with a Variation in respect of clause 6.7(a) to (c).
- 6.8 Where Network Rail considers a Variation is necessary under clause 6.7, it shall submit a Variation Request to the Customer pursuant to clause 6.1 and provide the information listed in clause 6.3. Clause 6.4 shall apply except that the Customer may not object to the proposed Variation itself, but may challenge the information provided under clause 6.3 and any issues arising from such information. For the avoidance of doubt the Customer may request that Network Rail amends the Works Requirements to accommodate any reasonable objections raised by the Customer. Where Network Rail has to act immediately in the case of clauses 6.7(a) and 6.7(b) to protect the safety and operation of the Railway, Network Rail shall not be obliged to serve a Variation Request prior to commencing the Variation but shall, as soon as practicable, provide to the Customer the information set out in clause 6.3. If the Parties do not agree the information provided under clause 6.3 (whether provided before or after commencement of the Variation), the Dispute shall be referred to the Escalation Procedure. Upon agreement or determination, clause 6.6 shall apply.
- 6.9 If agreement on any matter under this clause 6 is not reached within a reasonable period of time, or as otherwise specified, either Party may refer such matter for resolution in accordance with the Escalation Procedure.

7 Compensation and Relief

- 7.1 Where a Relief Event occurs the Customer shall be:
- (a) entitled to recover from Network Rail additional Direct Costs reasonably and properly incurred by the Customer as a result of any delay or disruption to the Implementation Programme; and
 - (b) relieved from its obligation to pay additional Network Rail Costs incurred to the extent caused by a Relief Event.
- 7.2 Network Rail shall notify the Customer of any Relief Event as soon as reasonably practicable and shall provide a revised Implementation Programme (if appropriate). The Customer shall notify Network Rail of any Relief Event within a reasonable period of time of becoming aware of the same and provide reasonable details of the relief required under this clause 7. In respect of each Relief Event the Parties shall seek to agree the Direct Costs and the additional Network Rail Costs which shall be payable in accordance with clause 7.4, together with any revisions to the Implementation Programme (including any changes to the Completion Date and the Liquidated Damages Payment Date), taking into account the likely effect of delay in the progress of the Works and Services.
- 7.3 Promptly following the agreement (or determination in accordance with clause 17) of the amount of the Direct Costs, the Customer shall deliver an invoice to Network Rail in respect of any Direct Costs incurred by the Customer as a result of the completion of the Implementation Programme being delayed or disrupted due to the relevant Relief Event and Network Rail shall pay that sum within twenty (20) Working Days. Should any amount not be paid within such period (except any amount determined not to be payable pursuant to clause 17), such amount due shall bear interest thereon at the Interest Rate from and including the due date for payment to and including the date of actual payment.
- 7.4 In calculating the additional Direct Costs payable or the Network Rail Costs not payable as a result of a Relief Event:
- (a) no claim shall be made by the Customer unless such Direct Costs exceed £10,000 in aggregate in respect of the relevant Relief Event and are notified to Network Rail prior to the Completion Date;
 - (b) the Customer shall not be entitled to any compensation or relief to the extent that any delay or cost incurred as a result of the occurrence of a Relief Event is due to the negligence, breach or default of the Customer, or the breach or default of any contractor appointed by the Customer (other than Network Rail);
 - (c) any Direct Costs paid by Network Rail shall not be included in the calculation of Network Rail's maximum aggregate liability under clause 12.2 unless the Relief Event is the cancellation or alteration of a Booked Possession occurring as a result of the negligence or breach of this Agreement by Network Rail; and
 - (d) any Direct Costs and any relief from Network Rail Cost shall be limited to the actual costs incurred by the Customer (if any) and / or the additional Network Rail Costs incurred by Network Rail in rectifying the Relief Event, and shall not include the consequential effects of the Relief Event on the Project.
- 7.5 Save as set out in this clause 7, neither Party shall have any other right or remedy whether under or in connection with this Agreement against the other for any Relief Event.

8 Intellectual Property

- 8.1 Network Rail hereby grants to the Customer, to use for the purposes of the modification, operation or maintenance of the Project, an irrevocable, royalty-free and non-exclusive licence to use, reproduce, modify and / or enhance any such Intellectual Property owned by Network Rail.
- 8.2 The licence referred to in clause 8.1 shall include the right for the Customer to grant sub-licences for any of the purposes set out in Clause 8.1 (other than in respect of proprietary software which is not specifically prepared for the Works), provided that:
- (a) the sub-licensee shall be prohibited from entering into any assignment or further sub-licence; and

- (b) any such sub-licence shall impose confidentiality obligations upon the sub-licensee which are no less onerous than the confidentiality obligations upon the Customer under this Agreement.
- 8.3 Where Network Rail does not own rights in any relevant Intellectual Property, it shall use reasonable endeavours to procure such rights in the Intellectual Property for the Customer.
- 8.4 The Customer shall not use the documentation and information provided to it by Network Rail under the Agreement other than for the purpose for which it was provided. If the Customer provides any document produced by Network Rail or any Contractor to a third party, Network Rail shall have no liability to such third party in respect of the use of such document for any purpose other than that for which it was produced and the Customer shall obtain prior written acknowledgement from the third party to this effect.
- 8.5 Network Rail shall have no liability whatsoever in respect of the use by the sub-licensee of any Intellectual Property provided by Network Rail to the Customer, and the Customer shall indemnify Network Rail from and against any and all Losses arising from the use by any sub-licensee of any Intellectual Property.
- 8.6 The Customer shall indemnify Network Rail from and against any and all Losses arising from the use by the Customer of any Intellectual Property other than for the purposes of the Project. Network Rail shall indemnify the Customer from and against any and all Losses arising from the use by Network Rail of any Intellectual Property other than for the purposes of the Project.

9 Completion

- 9.1 Where Network Rail considers that the Works have been completed in accordance with the Completion Criteria, prior to issuing an IA Final Certificate, Network Rail shall issue a certificate to such effect (an IA Construction Certificate) to the Customer which shall include supporting information that the Works have been completed.
- 9.2 If the Customer objects to the IA Construction Certificate, it shall give notice to Network Rail (**Objection Notice**) setting out in detail its reasons for such objection (which may include a failure by Network Rail to provide the information described in clause 9.1) within twenty (20) Working Days after receipt of the IA Construction Certificate. If the Customer does not issue an Objection Notice within such period, it shall be deemed to have accepted that IA Construction Certificate.
- 9.3 If Network Rail receives an Objection Notice within the time specified in clause 9.2, Network Rail shall take due account of the matters raised therein (and provide reasons where it does not accept the Customer's objection) and be entitled to issue an IA Final Certificate.
- 9.4 If the Customer is not satisfied that the Works have been properly completed following issuance of an Objection Notice in accordance with clause 9.2, it shall refer such matter to the Escalation Procedure. If the Customer does not make such a referral within twenty (20) Working Days after receipt of the IA Final Certificate, it shall be deemed to have accepted that IA Final Certificate.
- 9.5 The legal and beneficial title in the Works and the Enhanced Assets shall vest in Network Rail.

10 Network Rail Costs

- 10.1 The Customer shall pay to Network Rail all reasonably and properly incurred Network Rail Costs and any other sums due under this Agreement in accordance with the terms set out in this clause 10 and Schedule 2. For the avoidance of doubt, costs incurred by Network Rail as a result of a breach by or negligence of its Contractors are not reasonably and properly incurred Network Rail Costs.
- 10.2 Within ten (10) Working Days after the end of each Payment Period throughout the carrying out of the Works and Services, Network Rail shall submit an invoice (with an attached breakdown and including any supporting information reasonably requested by the Customer) to the Customer in respect of the Network Rail Costs applicable to such Payment Period or any preceding Payment Periods, if not previously invoiced. Subject to clause 10.3, payment by the Customer to Network Rail shall be without set-off, retention, counterclaim, abatement or any other deduction and shall be due twenty (20) Working Days after the date of issue of the invoice (**Final Date For Payment**).
- 10.3 Where the Customer intends to withhold all or part of payments of any amount claimed by Network Rail in the invoice, notice must be given to Network Rail not later than five (5) Working Days before the Final Date For Payment under clause 10.2. The notice shall state the amount

to be withheld, the basis on which that amount is calculated and the grounds for withholding payment. Unless such notification to withhold payment has been received from the Customer, the amount to be paid is that stated in the invoice which shall become due in accordance with clause 10.2.

- 10.4 Should any invoice not be paid by the Final Date For Payment in accordance with clause 10.2 (except in respect of any amount determined not to be payable pursuant to clause 17), interest shall be payable on the amount due calculated from the due date for payment up to and including the actual date of payment at the Interest Rate.
- 10.5 The Customer will not be liable for Network Rail Costs for any part of the Works and Services which have already been included in Network Rail's business plan for the year in which such Network Rail Costs are incurred and approved for the Project by Network Rail's Board prior to the Commencement Date, or, in respect of the Network Rail Costs of any Variation, the date of agreement of such Variation.²⁰

11 Value Added Tax

- 11.1 Unless stated otherwise, all amounts referred to in this Agreement shall be deemed to be exclusive of VAT.
- 11.2 Where any taxable supply for VAT purposes is made under or in connection with this Agreement by one Party to the other the payer shall, in addition to any payment required for that supply, pay upon presentation of a valid tax invoice such VAT as is chargeable in respect of it.
- 11.3 Where under this Agreement one Party has agreed to reimburse or indemnify the other in respect of any payment made or cost incurred by the other Party, the first Party shall also reimburse any VAT paid by the other which forms part of its payment made or cost incurred to the extent such VAT is not available for credit for the other Party, or for any person treated as a member of the same VAT group as the other Party under sections 25 and 26 of the Value Added Tax Act 1994.
- 11.4 Where under this Agreement any rebate or repayment of any amount is payable by one Party to the other, and the first Party is entitled to issue a valid VAT credit note, such rebate or repayment shall be paid together with an amount representing the VAT paid on that part of the consideration in respect of which the rebate or repayment is made and the first Party shall issue an appropriate VAT credit note to the other Party. When a credit is allowed to a Party and that Party is able to recover all the tax on the supply by the first Party as input tax, both Parties can agree not to adjust the original VAT charge in accordance with HMRC VAT Notice 700 paragraph 18.2.1.

12 Limitation of Liability

- 12.1 Save as otherwise expressly provided in this Agreement, neither Party shall be liable in respect of any Losses payable under or in connection with this Agreement except where:
- (a) the aggregate amount of all Losses suffered by the relevant Party exceeds £10,000. (For the avoidance of doubt, in such an instance all Losses can be claimed not just the Losses in excess of £10,000 and after payment of such Losses, no further claim shall be made until the earlier of any further Losses suffered being in excess of £10,000 or final Completion or termination of this Agreement); or
 - (b) the Losses are incurred as a result of, or sums are unpaid under, clauses 10, 11 or 15.2.
- 12.2 Network Rail's maximum aggregate liability to the Customer for any reason arising under, or in connection with, this Agreement or the Project including but not limited to breach of contract, in tort (including negligence), or for breach of statutory duty, or for liquidated damages payable pursuant to clause 12.5. shall not exceed an amount equal to the Network Rail Cap. Notwithstanding the Network Rail Cap, where, in respect of the same event, Network Rail recovers any sums under an Insurance Policy, it shall pay such sums (if and to the extent that such recovered sums relate to loss suffered by the Customer and not by Network Rail itself) to the Customer. Any sums recovered by Network Rail under an insurance policy and paid to the Customer shall not contribute to the Network Rail Cap. Network Rail shall use reasonable

²⁰ Following Network Rail's reclassification in 2014 as an arm's length body of government, it is no longer permitted to finance the acceleration of renewals and other works from one financial year to an earlier one. Therefore, any such works included in Network Rail's business plan will only be funded by Network Rail if they are delivered in the same financial year as provided for in the business plan. The cost of any such works delivered in an earlier year would be for the account of the Customer.

endeavours to make such recovery (which shall include an obligation to make and diligently pursue a claim but shall not include an obligation on Network Rail to take legal action).

- 12.3 Clause 12.2 shall not apply to Losses incurred by the Customer as a result of:
- (a) any liability in respect of death or personal injury resulting from a negligent act or omission or breach of statutory duty by Network Rail or any employee of Network Rail; and / or
 - (b) the fraud or fraudulent misrepresentation of Network Rail or the Contractor.
- 12.4 Any Losses suffered by either Party shall, for the purposes of clause 12.1, be reduced to the extent that they are caused by or contributed to by that Party's own negligence or breach of its obligations under this Agreement.
- 12.5 Subject to the limit of liability in clause 12.2, if to the extent that the [Completion Date²¹] has not occurred by the Liquidated Damages Payment Date unless due to the fault of the Customer or any contractor employed by the Customer, then Network Rail shall pay to the Customer the Daily Liquidated Damages Sum for each day from the Liquidated Damages Payment Date until the [Completion Date]²² has occurred or the date that it is determined under the Escalation Procedure that [Completion Date]²³ has occurred. The Customer is not entitled to claim any other Losses in relation to delay to the achievement of any of the Completion Criteria except pursuant to this clause 12.5.
- 12.6 The Customer's maximum aggregate liability to Network Rail for any reason arising under, or in connection with, this Agreement or the Project shall not exceed an amount equal to the Customer Cap. Notwithstanding the Customer Cap where, in respect of the same event, the Customer recovers any sums under an insurance policy (including any insurance maintained by a contractor employed by the Customer) or under any contract entered into by the Customer, it shall pay such sums (if and to the extent, that such payments relate to loss suffered by Network Rail and not by the Customer itself) to Network Rail. For the avoidance of doubt any sums recovered by the Customer under an insurance policy (including any insurance maintained by a contractor employed by the Customer) or any contract and paid to Network Rail shall not contribute to the Customer Cap. The Customer shall use reasonable endeavours to make and diligently pursue a claim but this shall not include an obligation on the Customer to take legal action).
- 12.7 Clause 12.6 shall not apply to:
- (a) the Customer's payment obligations under clauses 4.3, 5, 10, 11, 12.8, 15.2 or Schedule 2; or
 - (b) any Losses incurred by Network Rail due to the negligence (except to the extent such negligence relates to the carrying out of any design by the Customer or any contractor appointed by the Customer²⁴), fraud or fraudulent misrepresentation of the Customer or of any contractor appointed by the Customer (other than Network Rail); or
 - (c) any Losses incurred by Network Rail due to negligence in relation to the carrying out of any design by the Customer or any contractor appointed by the Customer which Losses shall instead not exceed an amount equal to the Customer's Design Liability Cap; or

- (d) any liability in respect of death or personal injury resulting from a negligent act or omission or breach of statutory duty by the Customer or any employee of the Customer.

12.8 The Customer shall reimburse Network Rail in respect of all Losses and / or Direct Costs arising in respect of Land and Noise Claims up to the limit set out in paragraph 5(c) of Schedule 2.

12.9 In no circumstances shall Network Rail or the Customer be liable to one another for any Indirect Loss (without prejudice to any express payment or indemnity obligation of either Party under this Agreement).

13 Force Majeure Events

13.1 Subject to clauses 13.2 to 13.6, each Party shall be relieved from liability for non-performance of its obligations under this Agreement (other than any obligation to make payment) to the extent that it is not able to perform or suffers or causes delay in performing (acting reasonably) such obligations by reason of a Force Majeure Event. Network Rail shall be entitled to changes to the Completion Date and the Liquidated Damages Payment Date to reflect an extension of time properly awarded under the Contracts in respect of a Force Majeure Event.

13.2 Each Party shall at all times following the occurrence of a Force Majeure Event:

- (a) take all reasonable steps to prevent and mitigate the consequences of such an event upon the performance of its obligations under this Agreement, resume performance of its obligations affected by the Force Majeure Event as soon as practicable and use all reasonable endeavours in accordance with Good Industry Practice to remedy its failure to perform; and
- (b) not be relieved from liability under this Agreement to the extent that it is not able to perform, or has not in fact performed, its obligations under this Agreement due to any failure to comply with its obligations under clause 13.2(a).

13.3 On the occurrence of a Force Majeure Event, the affected Party shall serve notice on the other Party as soon as reasonably practicable and in any event within ten (10) Working Days of it becoming aware of the relevant Force Majeure Event. Such notification shall identify the particular event claimed to be a Force Majeure Event and provide such relevant information as is available, including the date of occurrence of the Force Majeure Event, the effect of the Force Majeure Event on the ability of the affected Party to perform, the action being taken in accordance with clause 13.2(a) and (where possible) an estimate of the effects upon the Implementation Programme, the Completion Date and the Liquidated Damages Payment Date. The affected Party shall provide the other Party with any further information it receives or becomes aware of which relates to the Force Majeure Event.

13.4 The affected Party shall notify the other Party as soon as practicable once the performance of its affected obligations can be resumed (performance to continue on the terms existing immediately prior to the occurrence of the Force Majeure Event).

13.5 As soon as practicable following the notification described in clause 13.3, the Parties shall use reasonable endeavours to agree appropriate modifications to the Implementation Programme (including those needed to properly take into account any changes to the Completion Date and the Liquidated Damages Payment Date required by Network Rail under clause 13.1) to take into account the effects of the Force Majeure Event and to facilitate the continued performance of this Agreement and the progress of the Works and Services.

13.6 If the consequences of such Force Majeure Event are continuing for a period not less than 42 calendar days and the Parties have not agreed appropriate modifications in accordance with clause 13.5, then either Party may terminate this Agreement with immediate effect by written notice to the other Party. Upon termination the provisions of clause 15 shall apply.

14 Suspension and Termination

14.1 Without prejudice to the other provisions of this clause 14, Network Rail may suspend all or part of the Works (acting reasonably) with immediate effect to the extent required in order to prevent, address, alleviate or comply with (as applicable) a Network Operation Issue. Network Rail shall notify the Customer of any such suspension as soon as reasonably practicable. Such notification shall contain such relevant information relating to the suspension as is available, including an estimate of the period of suspension and the effect on the Completion Date, the Liquidated Damages Payment Date and the Project. Network Rail shall promptly provide the Customer with any further information it receives or becomes aware of which relates to the suspension and provide an update on the estimate of its duration. The Parties shall meet within five (5) Working Days to discuss how to address the circumstances which have given rise to

such suspension. Network Rail shall notify the Customer as soon as practicable (and in any event within two (2) Working Days) once it is established that the performance of its affected obligations can be resumed and shall resume such performance to the extent that it can do so (performance to continue on the terms existing immediately prior to the suspension). Upon resumption of the Works, the Completion Date and the Liquidated Damages Payment Date will be adjusted to reflect the period of suspension.

14.2 If the Customer is in default over payments of amounts properly due to Network Rail, and no notice of intention to withhold such amounts has been given pursuant to clause 10.3, Network Rail may suspend performance of any or all of the affected Works subject to Network Rail first giving the Customer not less than five (5) Working Days' notice of such intention and stating the grounds for suspension. Such right to suspend performance shall cease once the Customer makes payment of the amount due. Upon resumption of the Works, the Completion Date and the Liquidated Damages Payment Date will be adjusted to reflect the period of suspension.

14.3 Either Party may by written notice terminate this Agreement with immediate effect if:

- (a) the other Party commits any persistent or material breach of this Agreement (which shall include any failure to pay an amount of at least £10,000 which is due to the other Party) and, in the case of a breach which is capable of remedy, fails to remedy that breach within ten (10) Working Days (or such longer period as the terminating Party may specify) after receipt of a written notice giving full particulars of the breach and requiring it to be remedied; or
- (b) the other Party becomes Insolvent.

14.4 If:

- (a) none of the infrastructure outputs specified in the Works Requirements has been delivered by the Completion Date; and
- (b) the delay has not arisen due to the negligence or breach of the Customer;

the Customer may give notice to Network Rail of its intention to terminate this Agreement (which notice shall include reference to this clause 14.4). If arrangements to address the delay are not proposed by Network Rail within twenty (20) Working Days which are satisfactory to the Customer (acting reasonably), the Customer may terminate this Agreement with immediate effect by further notice in writing to Network Rail.

14.5 The Customer may in any event terminate this Agreement by giving three months' written notice to Network Rail if:
