Services **11** **309** **310** **368**

Services **312** **313** **374**

# Greek Street roundabout in Stockport is closing from 31 March 2025 for around a year.

The bridge needs to be replaced to make sure train services along the West Coast main line are safe and reliable for years to come.

Bus services which normally run along Greek Street will use Longshut Lane West.

There will be some changes to the times these services run and there are also minor changes to school services **374, 813, 852, 863, 866, 874** and **877**.
